**BASIC FIRE FIGHTING - ACCREDITED**

 1 Day

 On/Off Site

## About the Course:

It is the responsibility of employers to ensure that their staff are adequately trained on what to do in the event of fire. Our basic fire training course will teach employees how to prevent fires from starting, how to use a fire extinguisher and what to do when a fire starts in the workplace. This course equips learners with the knowledge and skills to protect themselves and others in the event of a fire. This involves identifying fires, carrying out fire procedures, evacuating staff and tackling small fires

## Upon completion of this course, participants are better prepared to:

- Introduction to fire
- Combustion
- Classification of fire
- Heat transmission
- Fire prevention
- House keeping
- Types of fire extinguishers
- Fire hose reels
- Fighting fires
- Evacuation
- Methods of extinguishment
- Practical fire fighting

## Certification:

- Basic Fire Fighting certificate approved by SETA.  
(Subject to completion of an assessment)
- Valid for 3 (Three) years.
