Career Skills Course

STRATEGIC MANAGEMENT & LEADERSHIP - GLOBAL & BEYOND

 3 Days

 On/Off Site

About the Course:

This powerful, lively and engaging training course will give delegates the opportunity to develop and enhance both 'hard' and 'soft' skills needed for Strategic Management & Leadership, while looking at the challenges of these roles. The program is designed to provide employees with the training that they require to become future fit business leaders. Business is a dynamic world where we have to deal with diverse people with complex characteristics. To effectively deal with them requires practice and skills. This course offers opportunities to learn about recent leadership and management theories developed by industry experts and will benefit professionals holding senior roles or aspiring to senior positions. It teaches understanding and skills in strategic leadership and management, resulting in greater confidence and ability to conduct business professionally and with positive outcomes.

Upon completion of this course, participants are better prepared to:

- Understand the fundamental aspects of managing and leading organizations
- Examine the behaviours and traits of both effective managers and leaders
- Examine relevant issues in applied management and leadership
- Examine ethics, globalization and strategic management
- Provide techniques to improve your leadership skills and management style
- Recognise various activities and responsibilities within management positions
- Understand the challenges faced in your day-to-day job
- Learn techniques to help you cope with the pressures and complexities
- Build high performance teams and sustain quality service and productivity
- Sell change management and apply diversity strategies
- Better understand cultural ergonomics
- Sustain balance between professional and personal life

Course material and duration can be customised to suit your specific needs.
