Career Skills Course

TEAM MANAGEMENT & LEADERSHIP - FLYING IN FORMATION

 1 Day

 On/Off Site

About the Course:

Being able to lead a team is an important skill as it involves ensuring the effectiveness of groups of individuals within an organisation. In our exploration of new conditions and possibilities, we have to rapidly integrate new partners and different work disciplines. The team structure adapts most easily to changing conditions and has the greatest potential for creative solutions and new approaches to work challenges. This interactive course provides a successful team development process that facilitates the development of a new team or the revitalization of an existing team.

Upon completion of this course, participants are better prepared to:

- Develop strategies that turn teams into high-performing
- Apply goal setting and negotiation skills
- Lead productive teams
- Develop team building stages and strategies
- Strengthen team communication
- Develop tools for team problem-solving
- Deliver cognitive thinking and conflict resolution
- Adapt to cultural dynamics and complex diversity
- Apply change Strategies

Course material and duration can be customised to suit your specific needs.
